

ACCESSIBLE FACILITIES-TRAILS:

Elwha Area-Madison Falls Trail - This short paved trail winds through a meadow and into the forest where it follows Madison Creek to a 100' high cascade that plummets over basalt cliffs.

Hoh Rain Forest Area-Mini-Rain Forest Trail- This flat, 0.1 mile paved trail gives users a taste of the rainforest near the Hoh Visitor Center. Visit a crystal-clear stream and see huge, old-growth trees.

Hoodsport-Staircase Area-Big Cedar Tree and River Viewpoint-0.5-mile round trip gravel trail is accessible with assistance. Traverses old-growth forest to the North Fork Skokomish River with a spur to a huge fallen cedar and the picnic area. The first 0.25 miles of the **Shady Lane Trail** are gravel and accessible with assistance. A wheelchair is available for checkout at the ranger station.

Hurricane Ridge Area-Meadow Loop Trails-Paved trails with views of the Olympic Mts. and the Strait of Juan de Fuca. Enjoy wild-flowers and look for deer and marmots. Several relatively flat 1/4-1/2 mile loops are accessible with assistance.

Hurricane Hill Trail-1.5 mile rough paved trail climbs 700' through meadows to Hurricane Hill. The first .5 mi. is accessible with assistance, but has steep drop-off and no guard rail.

Kalaloch Area-Ruby Beach-Accessible overlook of beach and Cedar Creek; accessible vault toilet. The 800' gravel trail is accessible with assistance. It has no steps but slopes 15-20% through coastal forest to the end just behind the beach logs.

Beach Trail #4 - Has an accessible ocean viewpoint and has an accessible vault toilet at the parking lot.

Lake Crescent/Sol Duc Area-Marymere Falls Trail-Winds through old growth forest to a 90-ft. waterfall. The first 1/2 mi. to an overlook on Barnes Creek is accessible with assistance on flat gravel and dirt. **Moments in Time Nature Trail**-A 0.8 mi. loop of crushed rock with lake views, old-growth forest and former homestead sites between Olympic Park Institute and Lake Crescent Lodge, and is accessible with assistance and can be accessed from Olympic Park Institute, a parking lot north of Lake Crescent Lodge, or via a 0.3 mile trail from the Storm King Ranger Station parking lot, where there is an accessible restroom. **Salmon Cascades**-A short gravel and dirt path leads from the Sol Duc Road to a wooden platform overlooking the Sol Duc River and a small cascades. **Spruce Railroad Trail**-Each end is accessible with assistance for 0.25 mile, with an accessible toilet at the east end.

Mora Area -Rialto Beach-A short, 0.1-mile paved trail leads through coastal forest to the picnic area. At the end a ramp is installed in summer for a beach view.

Quinault Valley Area -Maple Glades Trail-A 1/2 mi. crushed rock surface loop, accessible with assistance and winds under mossy maples along a rain forest stream. The restroom in the Quinault Ranger Station is accessible. **Kestner Homestead Trail**-This 1.3 mi. self-guided loop links with the Maple Glades trail and has a crushed rock surface accessible with assistance and leads to a historic homestead.

Olympic National Park Visitor Center-Living Forest Trail-.04 mile, crushed rock trail through the forest behind the visitor center. Fully accessible center with exhibits on the natural and cultural history of the park, several touch displays, a braille exhibit, an audio program and displays with sound

effects. An orientation slide program is shown on request with a large text script available. TTY users can use free relay service 1-800-833-6385 or 1-800-833-6388.

Hurricane Ridge Visitor Center-This visitor center is perched at 5,242 feet on Hurricane Ridge, 17 mi. from Port Angeles. Call (360) 565-3131 for a 24-hour road and weather-recording. There is an accessible restroom, exhibits on the upper level with an auditorium where park programs are shown (with captioning). An elevator and ramp provide access to the lower level where there is a terrace with picnic tables, a gift shop and snack bar. Ask staff for assistance with the elevator. Short, paved loop trails are accessible to wheelchair users with assistance, see Meadow Loop Trails above. Two picnic areas just beyond the Hurricane Ridge Visitor Center have paved trails that are accessible with assistance leading to tables overlooking the Olympic Mountains; restrooms not accessible.

Hoh Visitor Center-Hoh Rain Forest-This accessible visitor center has exhibits on the temperate rainforest and offers a short, flat, paved trail. See Mini-Rain Forest Trail above. The restrooms at the facility are accessible.

Lodging in the Park-Sol Duc Hot Springs Resort has accessible hot spring pools and several rental cabins. The main lodge building and one room are accessible at Lake Crescent Lodge. Kalaloch Lodge has one accessible cabin.

For wilderness camping permits call (360) 565-3100.
